

DonorDrive Fundraising Guide

You've signed up. You're committed. Now let DonorDrive do the heavy lifting. Here's how to get started fast — and raise more than you thought possible.

5 Tips to Crush Your Goal

- Donate to yourself first. It signals commitment and gets the ball rolling.
- Personalize your page. Add a photo, tell your story, set a bold goal. Personal pages raise 2x more.
- Start asking right away. The earlier you begin, the more you raise.
- Share on social media. One post can unlock hundreds of new donors.
- Send thank-yous. Gratitude turns one-time donors into repeat supporters.
